A Summer Serenade

by

“The Singing Mayor of the Philippines”

DR. ALFREDO P. VALDEZ, JR.

Municipal Mayor
San Nicolas, Ilocos Norte

August 9, 2008 - Saturday
4:00 – 8:00 p.m.

22923 Archibald Avenue City of Carson, California 90745

USA

In his rookie term as mayor, he put San Nicolas on the map with his progressive programs and projects including: the town's re-greening and beautification; scholarships; reviving and enriching of its reputable cottage industries such as pottery, tinsmithing, leather-tanning, and blacksmithing; establishment of its first major shopping center; linkage to the different San Nicoleño organizations worldwide; and the improvement of services for farmers and constituents, just to name a few. Consequently and not surprisingly, San Nicolas has indeed become the most awarded municipality in the province of Ilocos Norte.

Now, in collaboration with the town's newly-installed parish priest, Rev. Danny Laeda, the mayor wishes to sing his way into Southern California Ilocano/Filipino expatriates' hearts, so he may have his town's damaged St. Nicholas de Tolentino Parish Church retrofitted and preserved.

To all our concerned friends and native San Nicoleños, we are KNOCKING at your doors so you may also answer the clarion call to save our beloved church. The fruit of the sweat and toils of our forefathers, St. Nicholas Church is now an indispensable Ilocano cultural landmark and heritage. Let us rally behind Mayor Valdez who not only sings, but also delivers; better still, he earns and works for his causes.

With your help, through your generous contributions, we will be moving side by side with the forward-thinking, driven mayor as he once again proves his worth...in the preservation of a precious living monument of our proud past.
